

POLICIES

POLICIES for Prevention of Mental Disorders

[2] Selective Programs

- a) Biological factors
- b) Psychological factors
- c) Social factors
 - i Indigenous families
 - ii Immigrant families
 - iii Children involved with bullying
 - iv Children in out-of-home care

[2 c ii] Social factors: Immigrant families

MHYFVic advocates that the Commonwealth Government upgrades its migrant support programs to ensure appropriate housing, income support and social integration supports are systematically provided for as long as necessary to assure successful acculturation.

MHYFVic advocates that all area mental health services implement selective 'Culturally and Linguistically Diverse Client Programs', involving cultural awareness training of staff and use of language translation assistance.

MHYFVic advocates promotion of community-based cultural support groups to assist in acculturation of migrants.
